# About us!!!

- CIA: Community Is All
- Auri, Eleanor, Ruby, Grayson, Miles, Andrew, and Gavin.
- Our counselor is Savanna
- We picked this issue because, it is a big problem in our community.
- A fun fact about our group is that we all clicked on the second day.

# The Issue

Our community issue is food insecurity. Our root cause is not enough funding, sometimes caused by lack of work and little money.

Fact 1. Food insecurity affects 3.3 Million Texans alone.

Fact 2. Food insecurity means not knowing where your next meal comes from.

Fact 3. 13% Texans suffer the wrath of food insecurity.

Our group's goal statement is to build a community center sponsored by local grocery stores like Kroger and Albertsons and IKEA to have resources to build our "mega" community center.

# Take Action

What Can you do?

- You can volunteer at the community center.
- Donate food for our food bank

What can the community do?

- The community can sponsor the food bank for advertising or for giving kitchen appliances or leftover food.
- Help fund our vision of helping people without proper nutritious food for them to eat.

# What We Learned

Miles: I learned that many people in my community need help.

Gavin: I learned how to communicate better and be more respectful to people.

Andrew: I learned how food banks work.

Grayson: Presidential requirements.

Ruby: I learned how to come to consensus.

Eleanor: Something I learned this week is how to come to consensus with people that I may not get along with all of the time.

Auri: I learned to be more mindful of others around me.
